PROFESSIONAL SUMMARY

Currently gaining hands-on experience in building responsive websites using HTML, CSS, and JavaScript. Contributing to real-world projects, collaborating with senior developers, and improving skills in frontend design, debugging, and code optimization. I am adept at collaborating with cross-functional teams to deliver engaging web solutions. My goal is to apply my technical expertise and creativity to enhance user experiences and contribute to innovative web projects.

WORK EXPERIENCE

Cybersecurity analyst

Tata consultancy services

📅 May / 2024-May / 2024 📍 Davanagere ,karnataka

- Managed identity lifecycle processes including provisioning, deprovisioning, and access reviews.
- Assessed IAM strategies to identify security gaps and ensure compliance (ISO 27001, GDPR).
- Designed and implemented custom IAM workflows tailored to business requirements.
- Integrated IAM solutions with platforms like Active Directory, Azure AD, and ServiceNow.
- Automated access control tasks using scripting tools to enhance efficiency and accuracy.
- Implemented SSO and MFA across enterprise applications to improve authentication security.
